

Kim Clement is controller of LarMar Industries, Ltd. Kim came on board with LarMar Industries, Ltd June 18, 2007 as controller due to her experience in this position.

Kim graduated from Angelo State University with honors in August 1995 with a bachelor of business administration with a specialization in accounting and a minor in finance. Over the years, Kim has completed many hours of continuing education courses and has obtained her Excel Certification from Microsoft.

Kim began her accounting career as a staff accountant for Lewie Montgomery Trucking in 1995. After 3 years, the company was sold and Kim moved on to a career with Big Tex Trailer in 1998 as a staff accountant. By 1999, Kim had advanced in her career with Big Tex to the role of Chief Accountant.

Kim left Big Tex to advance herself in the role of controller. In 2003, Kim became controller of the US division of Enerflex Systems, Inc, an international, publicly traded company. In this role, Kim was responsible for supervising payroll, human resources, accounts payable, accounts receivable, contract negotiations, job costing, and all financial reporting to the Board of Directors.

Kim's plan for 2008 is to use her experience to establish system and procedures for LarMar Industries, LTD to improve financial reporting as well as develop more in-depth financial reports to aid in better business decisions.
